Why we share pupil information

We do not share information about our pupils with anyone without consent unless the law and our policies allow us to do so.

We share pupils' data with the Department for Education (DfE) on a statutory basis. This data sharing underpins school funding and educational attainment policy and monitoring.

We are required to share information about our pupils with our local authority (LA) and the Department for Education (DfE) under section 3 of The Education (Information About Individual Pupils) (England) Regulations 2013.

The school shares class list information with providers in connection with the following public health screening programmes:

National Child Measurement Programme (NCMP)

The lawful basis for processing personal data is:

Art. 6 (1) (e) GDPR:

Processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller

The personal data processed in respect of these two public health screening programmes includes personal data revealing ethnic origin which is classified as special category personal data under Art. 9 GDPR which merit special protection and consequently a further condition for processing is required.

The additional lawful basis for processing special category personal data (specifically ethnic origin) is: 4 Art. 9 (2) (i) GDPR:

Processing is necessary for reasons of public interest in the area of public health

Dental Screening Survey & Vision Screening Programmes

The lawful basis for sharing personal data is: Art. 6 (1) (f) GDPR:

Processing is necessary for the purposes of the legitimate interests pursued by the controller or by a third party. The legitimate interest is to provide public health services and improve health and wellbeing outcomes for children and young people, which falls outside the task of schools as public authorities to provide education to children and young people.

Processing is necessary as only schools hold up to date class list/address data to facilitate:

- Any necessary follow-up arrangements, in response to identified need or to promote health and wellbeing, by a health professional. Contact is arranged with the child/ young person or with parents/ carers.
- Any appointments being sent to the parent/guardian of a child who requires further assessment of their optical health needs – or to arrange follow-up as indicated by the initial screening tests.

The LEA only receive snapshot census data 3 times per year.

It is in the child's interests to be offered an appointment to treat any identified further health needs. Some conditions such as amblyopia (lazy eye) are much more difficult to treat if left undiagnosed after the age of 8 and can result in permanent vision loss.

Optical and oral health are important aspects of a child's overall health status

The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>.

The department may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.
